INTRODUCTION

- **Motivation:** Help WTWY increase awareness and reach for its summer gala event, a significant portion of its fundraising
- **Objectives:** Determine the best subway station that optimizes WTWY's street team placement
- **Goals:** Identify the best subway station, date and time to place street teams

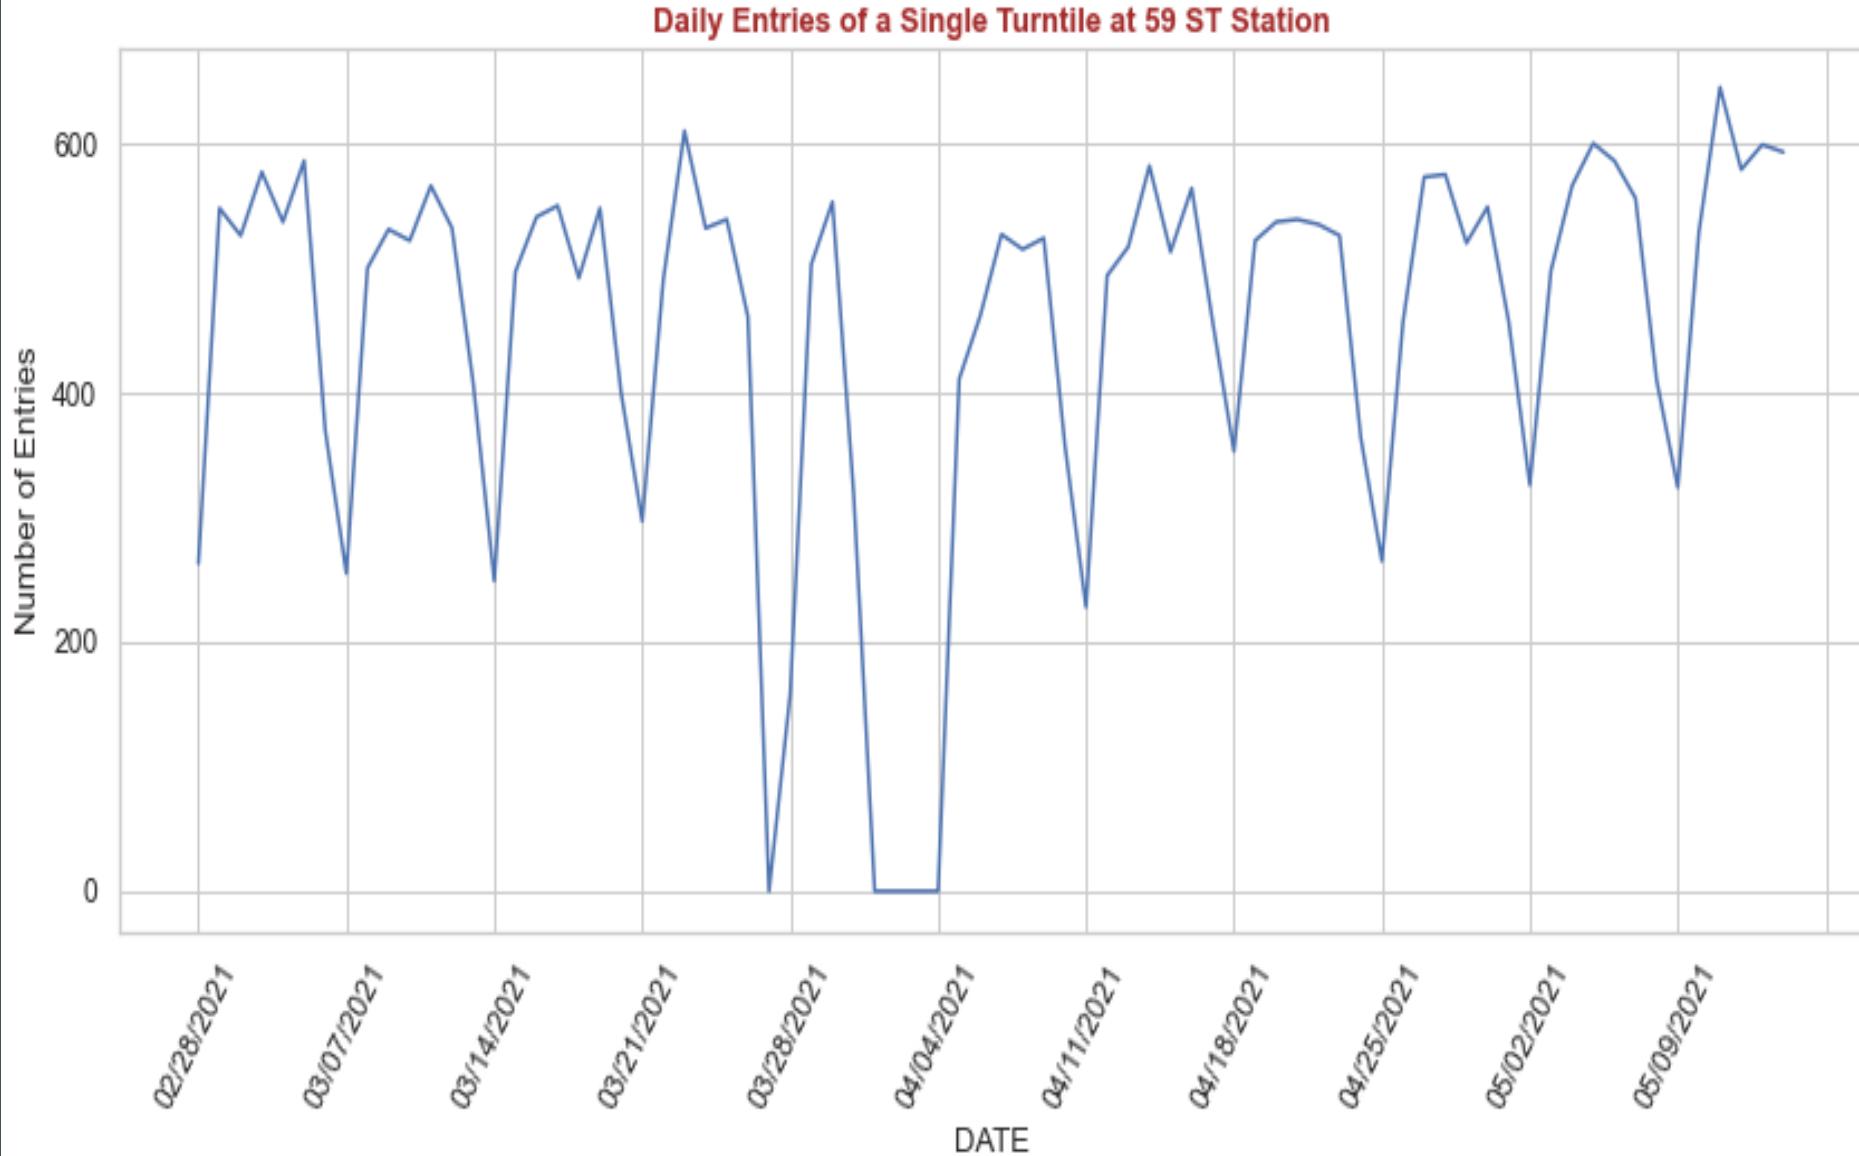

METHODOLOGY

- **Data:** New York City MTA turnstile data
- **Date:** Most recent 3 months period
 - February 28, 2021 to May 14, 2021
- **Models:** Data Manipulation & Exploratory Data Analysis

ANALYZING A SINGLE TURNSTILE

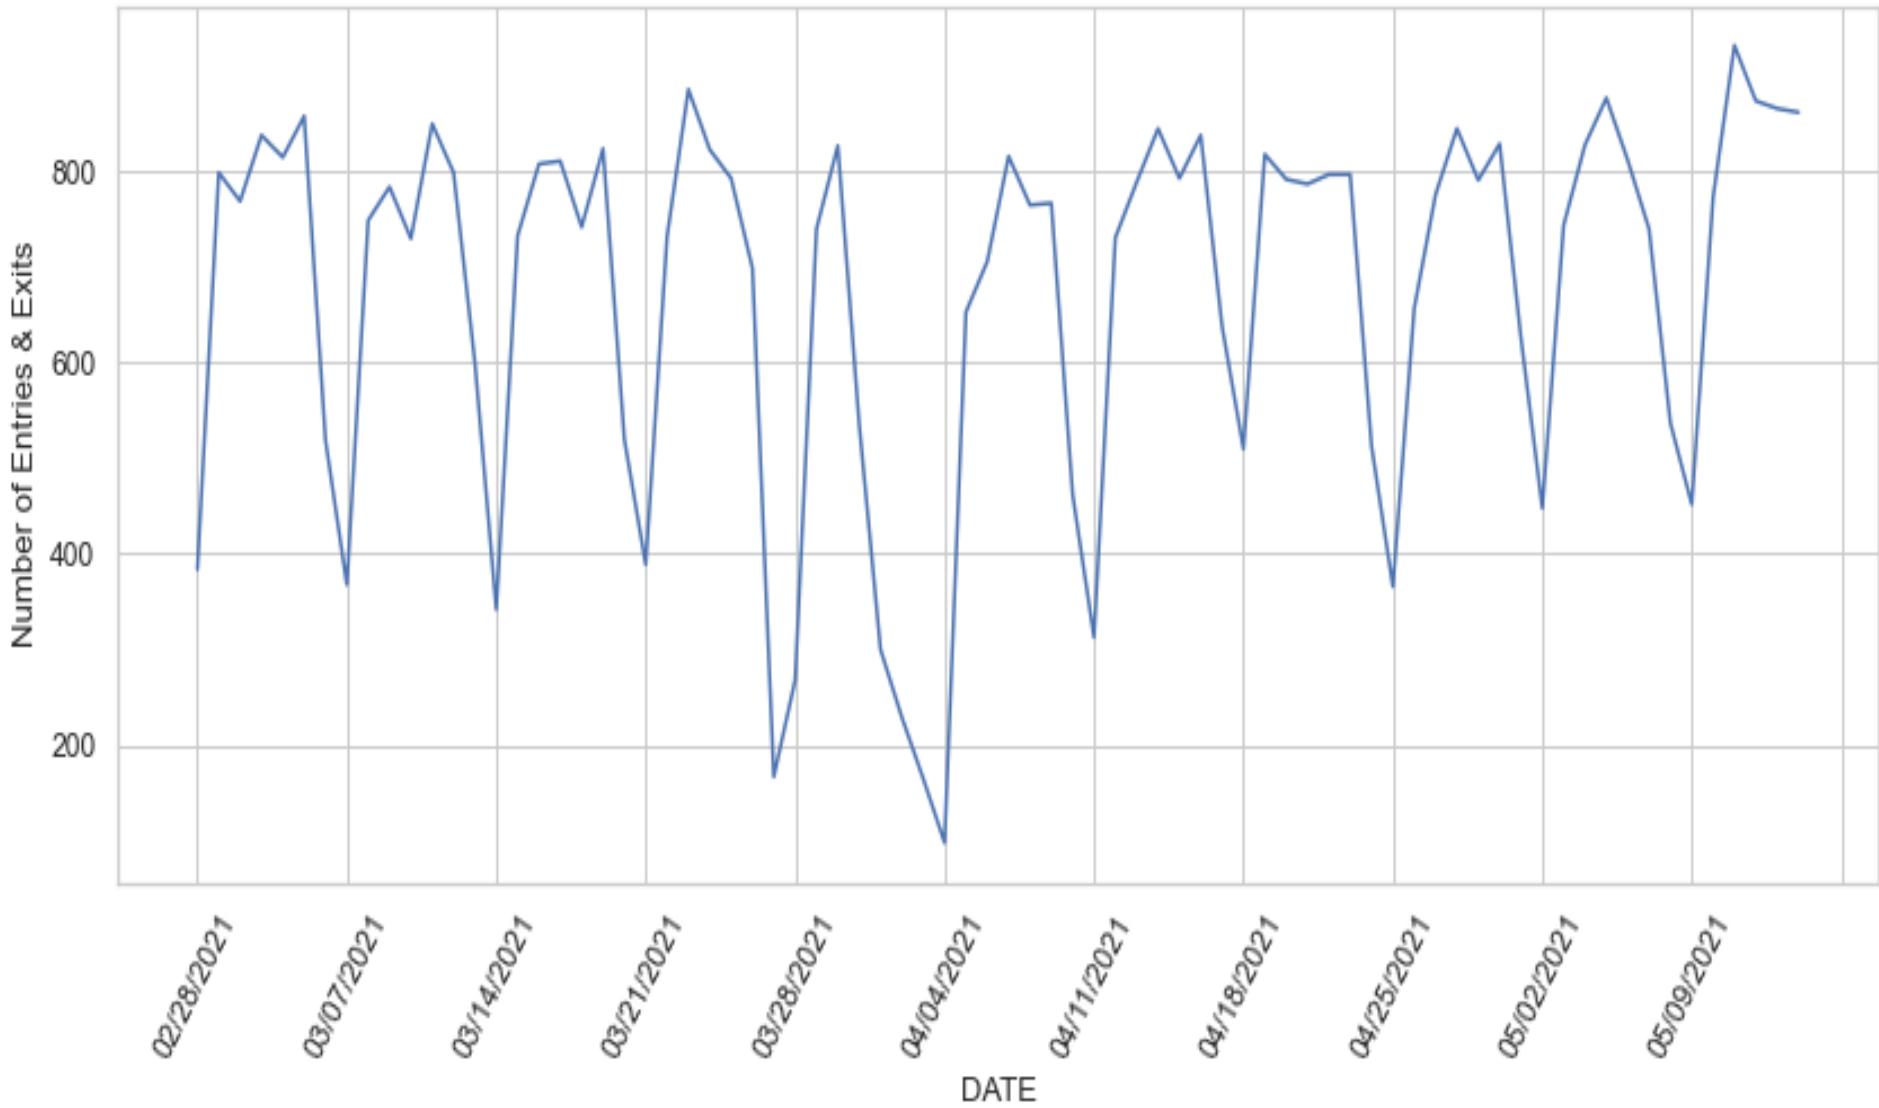

- CHOSE A RANDOM STATION
 - 59 ST
- ENTRIES ONLY

SINGLE TURNSTILE, BUT WITH ENTRIES AND EXITS

- 59 ST
- ENTRIES + EXITS

Daily Activity of a Single Turnstile at 59 ST Station

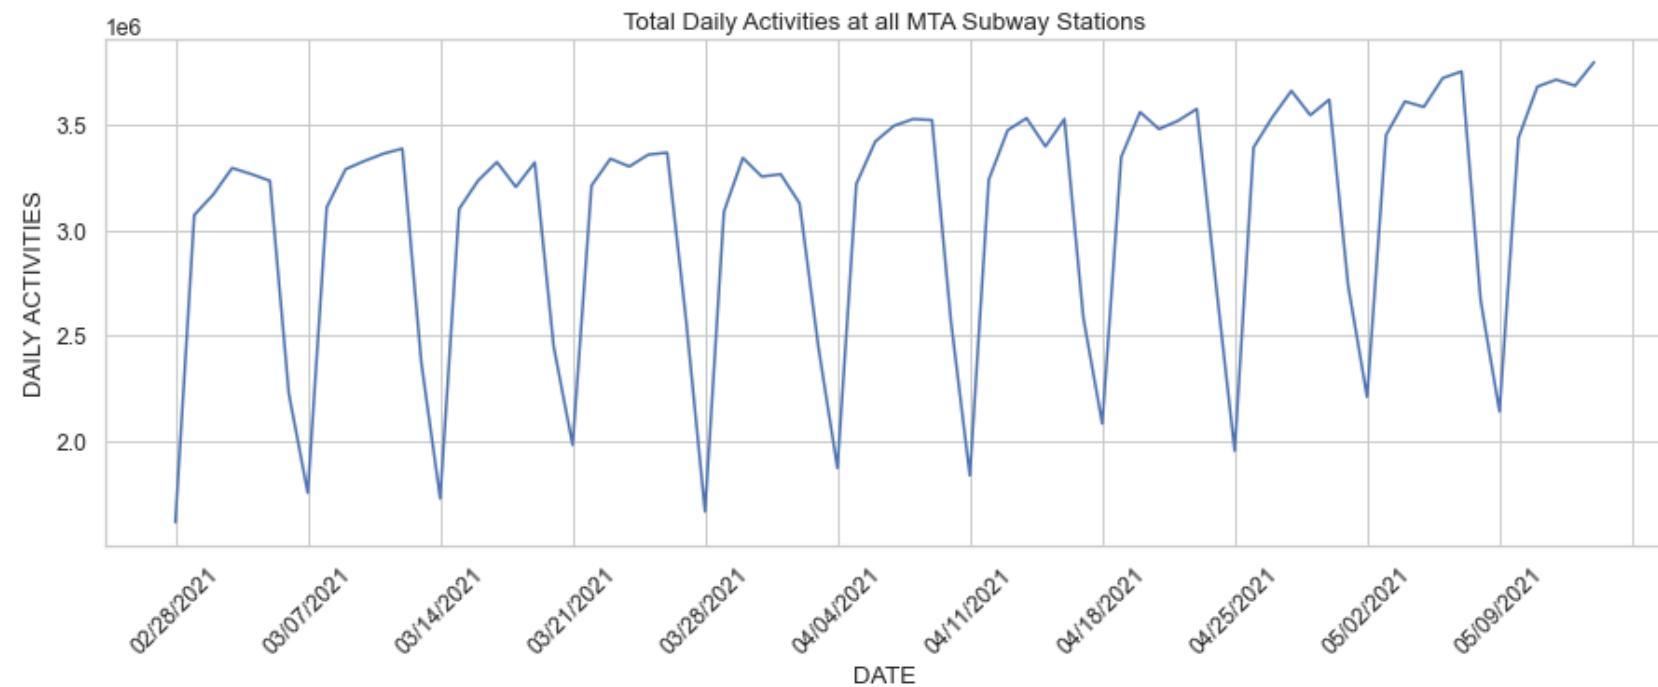

WHY TAKE ENTRIES & EXITS BOTH?

- SOME DATA SHOWS ZERO ENTRIES
- BUT ON THE SAME DAY EXITS ARE NOT ZERO. WHY?
- CAGELIKE TURNSTILES
- **TAKE ENTRIES & EXITS BOTH = DAILY ACTIVITIES!**

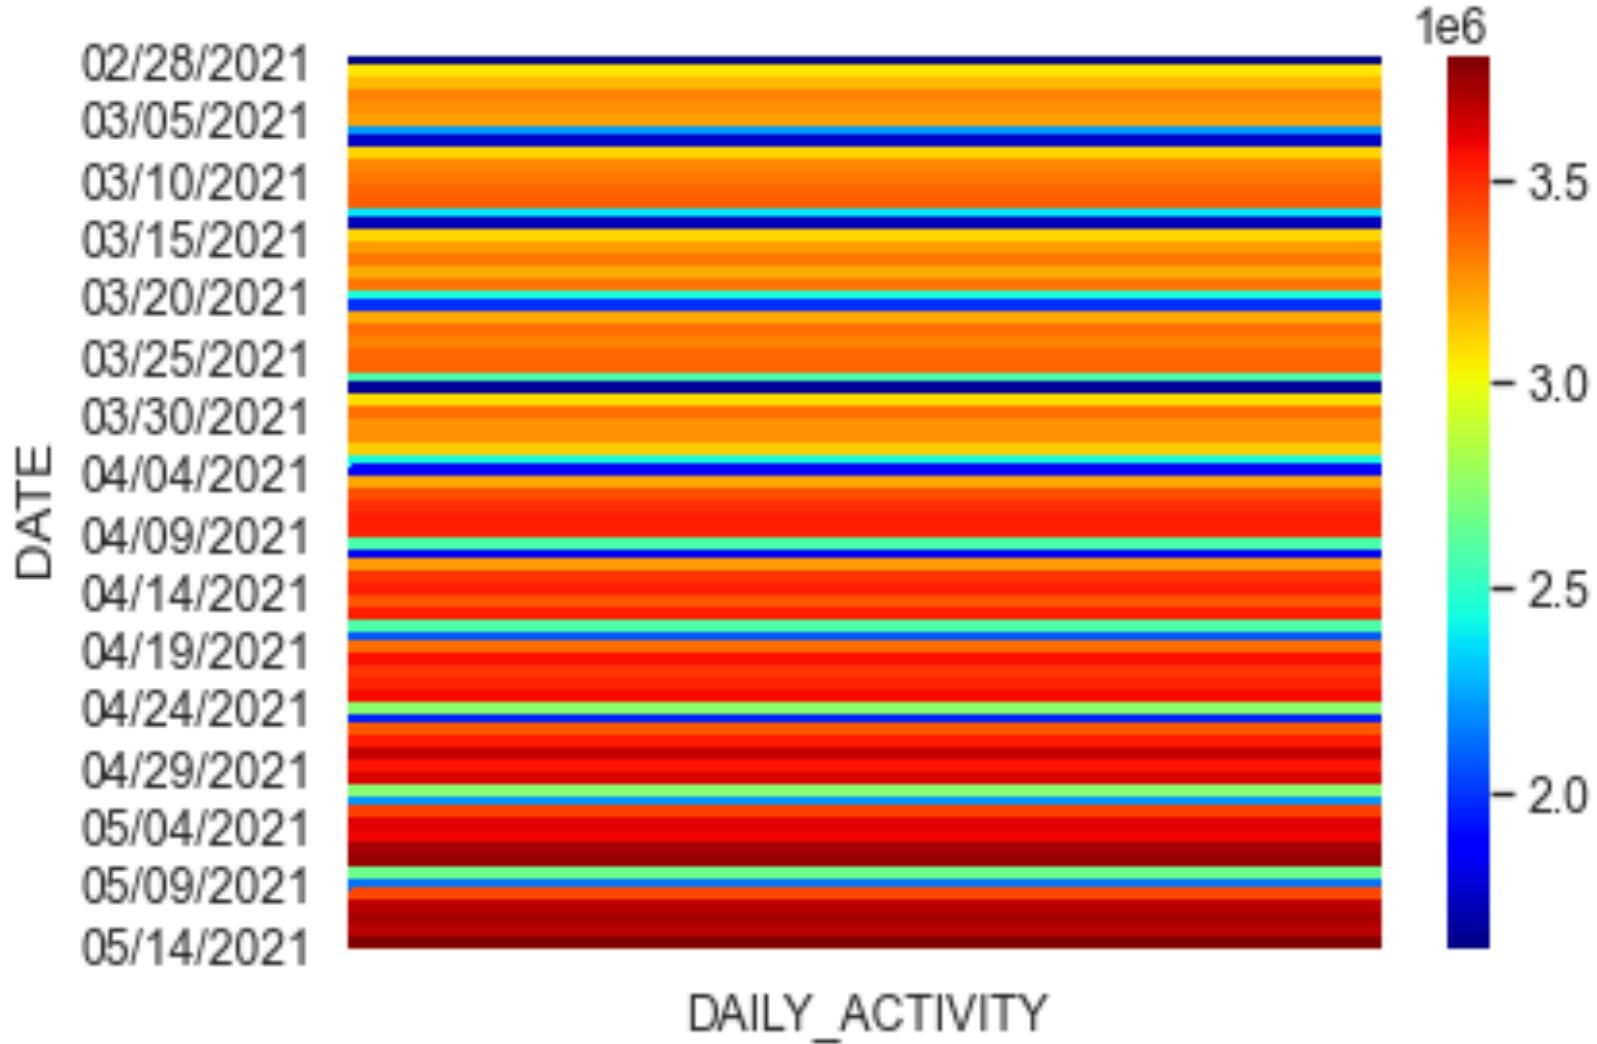

ANALYZING ALL SUBWAY STATIONS
